

LIST OF APPENDICES

Appendix A –Results of a Literature Review for the Loxahatchee River and Estuary.....	A1-A28
Appendix B - Historical Vegetation Distribution along the Northwest Fork of the Loxahatchee River.....	B1-B26
Appendix C – Vegetation Surveys along the Northwest Fork of the Loxahatchee River.....	C1-C90
Appendix D – Statistical Analysis of Flow Salinity Data	D1-D112
Appendix E – Preliminary Results of the Loxahatchee Estuary Hydrodynamics/ Salinity Model.....	E1-E44
Appendix F -- Salinity Conditions in the Loxahatchee Estuary (based on Russell and McPherson, 1984).....	F1-F8
Appendix G – Results from a Preliminary Soil Salinity Sampling Event along the Northwest Fork of the Loxahatchee River	G1-G10
Appendix H – Analysis of Simulated Long-Term Mean Daily Salinity from Sites along the Northwest Fork of the Loxahatchee River	H1-H10
Appendix I – Simulation of Consumptive Uses within the Loxahatchee Basin.....	I1-I13
Appendix J – Peer Review Panel Report and Responses on Website.....	J1-J65
Appendix K – Correspondences and Letters Received on the Minimum Flows & Levels Plan... ..	K1-K65
Appendix L – Selected passages from the Florida Statutes and Florida Administrative Code.....	L1-L111
Appendix M – A Summary of Other Planning and Implementation Efforts in the Basin.....	M1-M16
Appendix N – Loxahatchee River Pre-Development Runoff.....	N1-N5
Appendix O – Public and Agricultural Water Supply.....	O1-O10
Appendix P - The Effects of Freshwater Inflow, Inlet Conveyance and Sea Level Rise on the Salinity Regime in the Loxahatchee Estauay.....	P1 - P19
Appendix Q – Correspondences Regarding the 2002 Minimum Flows and Levels Priority List.....	Q1-Q6
Appendix R – Review of Methods that Could Potentially be Used to Develop MFL Criteria.....	R1-R7
Appendix S - Staff Responses to Comments and Frequently Asked Questions.....	S1-S25
